

**DRAFT MEETING MINUTES  
COMMUNITY ADVISORY COMMITTEE MEETING  
THURSDAY, OCTOBER 19, 2023**

---

**Receive Geothermal Zone Update**

(2:40 p.m.)

Ryan Tracey, Director of Planning and Analytics, discussed the Geothermal Zone. He mentioned the Community Stakeholder meeting that was held in Cloverdale. He stated that the Department of Energy did not award SCP a grant regarding Long Energy Storage and he discussed the upcoming Geothermal Rising Conference.

Member Wells asked if questions from the residents got answered at the stakeholder meeting and Director Tracey responded that SCP is going to wait and see which Enhanced Geothermal Systems (EGS) project is selected for the GeoZone and then SCP's partners can answer resident's concerns. Member Hollins head asked if EGS is different than GeoZone and Director Tracey responded that EGS is one of the technologies being explored in the GeoZone.
