

Proposed Timeline and Review Process for Community Advisory Committee Applications

Sonoma Clean Power has an immediate opening for its Community Advisory Committee and will be filling additional seats upon the expiration of current member terms at the end of 2021. Current Committee members with expiring seats need to re-apply as they are not guaranteed an appointment.

About the Application Review Process:

Community Advisory Committee Members are appointed and serve at the pleasure of the Sonoma Clean Power Board of Directors. An ad hoc committee of Board Members—supported by SCP staff—will review applications, interview applicants, and later make recommendations for appointments to the full Board.

Proposed Recruitment Timeline:

May 17, 2021: Recruitment opens. Starting in July the ad hoc may consider recommending a candidate to fill the one existing vacancy on the Committee.

October 1, 2021: Recruitment closes and the ad hoc will review applications and interview applicants for up to five (5) remaining seats which come available on January 1, 2022.

November 4, 2021: Board ad hoc makes recommendation to full Board of Directors for appointment of up to five (5) members to the Committee. Board makes appointments.

December 16, 2021: December Committee meeting and opportunity for new members to attend and introduce themselves to the Committee in advance of their terms beginning in January 2022.

Please note this schedule is tentative and subject to change.
