

## Terms and Conditions: Sonoma Clean Power Electric Vehicle Charging Equipment and GridSavvy Incentives

The Sonoma Clean Power EV Charging Equipment and GridSavvy Incentive is subject to the following terms and conditions:

1. To be eligible for the incentive, you must be a current customer of Sonoma Clean Power.
2. Limit one charger per Sonoma Clean Power electric account.
3. The incentive applies only to the specific equipment listed in the table below.
4. You are responsible for paying an upfront fee for 50% of the charger retail price (see below), the shipping and handling of the EV charging equipment, plus sales tax on the (undiscounted) price of the EV charging equipment. For all equipment, the shipping and handling fee is \$50.00. The remaining cost of the equipment will be paid by SCP.
5. Once your charger is installed and activated, SCP will issue a payment via Paypal to cover the cost of the initial payment. For purposes of this program, activated is defined as charger being connected to Wi-Fi and a minimum of 1 charging session logged. Incentive payment includes 50% of the charger retail price (see below), the shipping and handling of the EV charging equipment, plus sales tax on the (undiscounted) price of the EV charging equipment. Incentive payment does NOT cover any installation costs. Paypal payment will be made to e-mail address that was used to order charger.

Eligible JuiceNet Enabled Charging Equipment	Retail Price (basis for tax)	Total Upfront Price (reimbursed once charger is installed and activated)
JuiceBox® Pro 40	\$501.86	\$341.08 (includes \$40.15 tax and \$50 handling)
ClipperCreek JuiceNet Edition, Hardwire	\$689	\$449.62 (includes \$55.12 tax and \$50 handling)
ClipperCreek JuiceNet Edition, Plug-in	\$713	\$463.54 (includes \$57.04 tax and \$50 handling)
AeroVironment EVSE-RS JuiceNet® Edition	\$599	\$397.42 (includes \$47.92 tax and \$50 handling)

6. You are solely responsible for the cost of installing the EV charging equipment. SCP will not pay for installation costs or for any upgrades to your electrical system required for installation of the EV charging equipment. You are responsible for hiring a qualified professional to estimate the cost of installation, obtain any necessary permits and install the equipment.

7. SCP reserves the right to withhold incentives for any chargers that are installed outside of the SCP service territory or for any customers deemed to be violating the terms, conditions, and restrictions of the program.
8. SCP does not manufacture the EV charging equipment, makes no representations, guarantees, or warranties about the EV charging equipment, and is not responsible for the performance of the EV charging equipment. It is your sole responsibility to determine the suitability of any equipment to your needs, and to ensure that you understand the limitations of any warranty or guarantee provided by the manufacturer. SCP shall have no liability for, and you release SCP from any liability from, any and all damages resulting from your installation or use of the EV charging equipment.
9. If you sign up to participate in the GridSavvy Community, you agree to abide by all terms, conditions, and restrictions of that program. More information is available in the GridSavvy Participation Agreement and FAQs at: <https://sonomacleanpower.org/gridsavvy/>. Upon confirmation of your participation in the GridSavvy Community, SCP will issue customer a an ongoing \$5/month bill credit so long as the terms and conditions of the program are met. Depending on billing cycles, it may take up to 3 months for the bill credit to be loaded.
