

**Terms and Conditions:  
Sonoma Clean Power Heat Pump Water Heater  
and GridSavvy Incentives**

The Sonoma Clean Power Heat Pump Water Heater and GridSavvy Incentive is subject to the following terms and conditions:

1. To be eligible for the incentive, you must be a current customer of Sonoma Clean Power.
2. Limit one heat pump water heater incentive per Sonoma Clean Power electric account.
3. All heat pump water heater installations require a permit from the local jurisdiction (town, city, unincorporated area). It is the customer's sole responsibility to ensure that proper permits are pulled for their project.
4. The instant incentive applies only to the specific equipment listed in the table below. Customer acknowledges a thermostatic mixing valve set to 120° F (49° C) is required for all heat pump water heaters incentivized through the program.

Eligible Hybrid Heat Pump Water Heater Packages	Sonoma Clean Power Incentive	Total Equipment Price

Rheem Professional Prestige 50 Gal. Hybrid Heat Pump Water Heater (Model# <a href="#">PROPH50 T2 RH350 DCB</a> or <a href="#">PROPH50-T2-RH350-D</a> ) <b>PLUS</b> a thermostatic mixing valve	\$700	\$1,807 equipment retail before \$700 rebate; contact a participating contractor for total installed pricing.

5. **You are solely responsible for the cost of installing the heat pump water heater. SCP will not pay for installation costs or for any upgrades to plumbing or electrical system required for installation of the heat pump water heater. You are responsible for hiring a qualified professional to estimate the cost of installation and obtain any necessary permits. Installation of the equipment must be completed by a participating contractor.**

6. SCP reserves the right to withhold incentives for any heat pump water heaters that are installed outside of the SCP service territory or for any customers deemed to be violating the terms, conditions, and restrictions of the program.
7. SCP does not manufacture the heat pump water heater equipment, makes no representations, guarantees, or warranties about the heat pump water heaters, and is not responsible for the performance of the heat pump water heaters. It is your sole responsibility to determine the suitability of any equipment to your needs, and to ensure that you understand the limitations of any warranty or guarantee provided by the manufacturer.
8. SCP, their agents, and the water heater manufacturer shall have no liability for, and you release SCP their agents, and the water heater manufacturer from any liability from, any and all damages or injuries resulting from your installation or use of the heat pump water heaters or the thermostatic mixing valve.
9. Sonoma Clean Power does not endorse and makes no representations, guarantees, or warranties about the participating heat pump water heater contractors. It is your sole responsibility to determine whether a contractor is suitable for your project.
10. If you sign up to participate in the GridSavvy Community, you agree to abide by all terms, conditions, and restrictions of that program. More information is available in the GridSavvy Participation Agreement and FAQs at: <https://sonomacleanpower.org/gridsavvy/>. Upon confirmation of your participation in the GridSavvy Community, SCP will issue customer a an ongoing \$5/month bill credit so long as the terms and conditions of the program are met. Depending on billing cycles, it may take up to 3 months for the bill credit to be loaded.
