

Peek inside!

Clean energy homes, today and every day.

2019 POWER CONTENT LABEL			
Sonoma Clean Power Authority			
sonomacleanpower.org			
ENERGY RESOURCES	SCP CleanStart	SCP EverGreen	2019 CA Power Mix**
Eligible Renewable	50%	100%	32%
Biomass & Biowaste	0%	0%	2%
Geothermal	18%	74%	5%
Eligible Hydroelectric	0%	0%	2%
Solar	8%	26%	12%
Wind	25%	0%	10%
Coal	0%	0%	3%
Large Hydroelectric	46%	0%	15%
Natural Gas	0%	0%	34%
Nuclear	0%	0%	9%
Other	0%	0%	<1%
Unspecified sources of power*	3%	0%	7%
TOTAL	100%	100%	100%
* "Unspecified sources of power" means electricity from transactions that are not traceable to specific generation sources.			
** Percentages are estimated annually by the California Energy Commission based on the electricity generated in California and net imports as reported to the Quarterly Fuel and Energy Report database and the Power Source Disclosure program.			
For specific information about this electricity product, contact:	Sonoma Clean Power Authority 855-202-2139		
For general information about the Power Content Label, please visit:	http://www.energy.ca.gov/pcl/		
For additional questions, please contact the California Energy Commission at:	Toll-free in California: 844-454-2906 Outside California: 916-653-0237		

Power Content Label reflects 2019 verified electric resources for Sonoma Clean Power.

This information is required by the California Energy Commission to be mailed to any customer that took service from SCP in 2019 and active SCP customers.

The generation data represents energy procured during 2019 and is provided in the "Annual Report to the California Energy Commission: Power Source Disclosure Program."

A significant portion of SCP's energy comes from clean, large hydroelectric power stations. Under California law, large hydroelectric power stations do not qualify as eligible renewable resources.

Percentages may not total 100% due to rounding.

Smart Thermostats

Power up your home with \$50 off the purchase of a smart thermostat.

NetGreen +

Become your own power plant with solar + battery storage.

Induction Cooking

Discover the best technology in electric cooking!

Heat Pump Water Heater

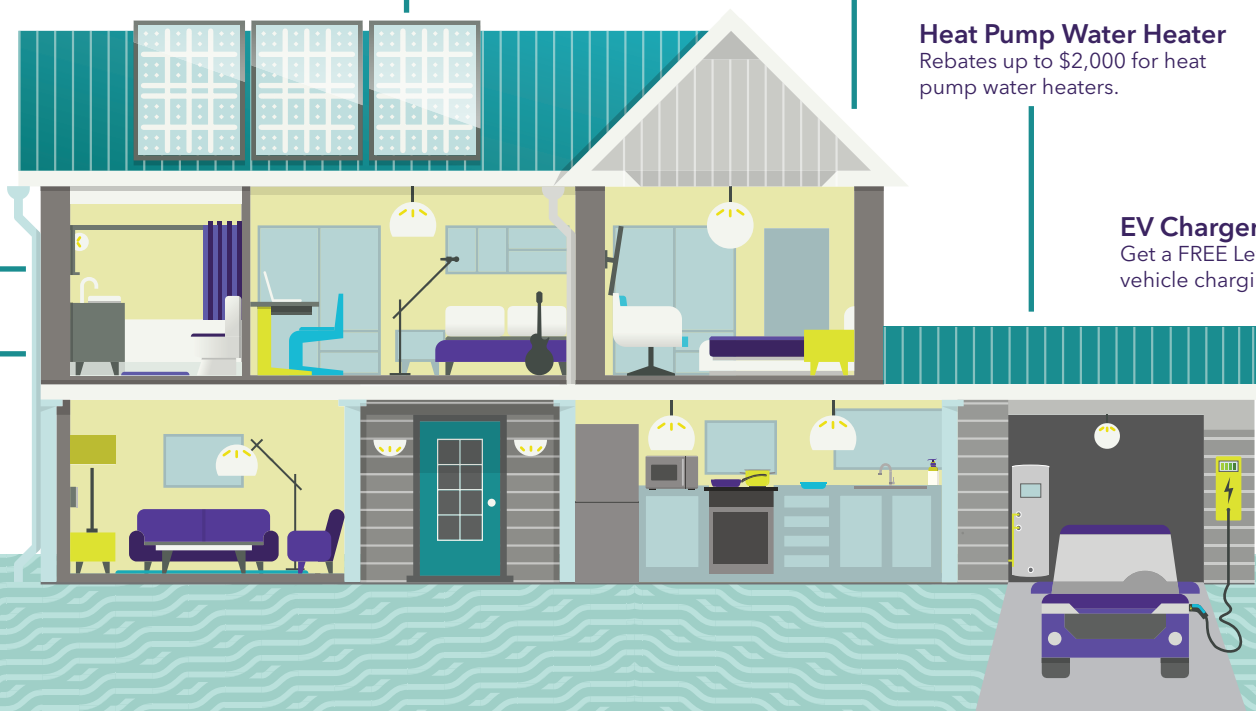

Rebates up to \$2,000 for heat pump water heaters.

EV Charger

Get a FREE Level 2 electric vehicle charging station.

DIY Toolkits

Take charge of your usage with the DIY Energy and Water Savings Toolkit.

Your all-electric lifestyle is waiting.

Take your home into the future.

Advanced Energy Center

Early next year, Sonoma Clean Power's Advanced Energy Center in downtown Santa Rosa will open, where customers can experience innovative market-ready clean technologies from leading manufacturers and learn about the related energy, comfort, and air quality benefits for their homes and businesses. The showcased technologies include smart energy saving appliances, insulation, heat pumps, and more. Visit sonomacleanpower.org for updates.
