

SCP HEADQUARTERS

Who we are

Sonoma Clean Power helps our region accelerate solutions to the climate crisis by allowing our community to decide how we produce electricity.

How we do it

We are owned and operated by our local cities and counties and contract with cleaner sources like geothermal, wind, and solar to deliver the energy over PG&E's power lines and accelerate California's transition to renewable energy. Since we do not charge for profits, we reinvest our money back into our customers through incentives and zero percent financing at our Advanced Energy Center in downtown Santa Rosa.

VOLUNTEER OPPORTUNITY

Sonoma Clean Power is recruiting volunteers for an opening on its Community Advisory Committee. This is a meaningful opportunity to provide input toward Sonoma Clean Power's innovative customer benefits, renewable energy projects, and assist with shaping clean energy goals for our community.

QUALIFICATIONS & EXPERIENCE

The Community Advisory Committee comprises volunteers who typically meet once per month to make recommendations and provide input to our Board of Directors on topics such as: customer benefits; the review of budgets & rates; and the general operations of the agency. Members serve four-year terms following appointment by our Board of Directors.

We are seeking engaged, committed, and awesome individuals who want to help our equally awesome staff and Board combat the climate crisis. This is a unique opportunity for committed individuals to directly support the Agency's work. We welcome all applicants, and would especially encourage individuals that represent impacted, historically under-resourced communities to apply. We strongly encourage people of color, women and those who identify as LGBTQI+ to apply.

EQUITY IN ENERGY

SCP is turning the tide on the climate crisis, through bold ideas and practical programs. We are committed to offering all our customers clean energy solutions that enhance quality of life while helping to solve climate change, by implementing steps to ensure Environmental and Social Justice Communities are included and involved in the design and implementation of our programs. SCP will continue to integrate and address the concerns of emerging and historically marginalized communities to ensure all our customers are well served.

ABOUT THE APPLICATION REVIEW PROCESS

Community Advisory Committee Members are appointed and serve at the pleasure of the Sonoma Clean Power Board of Directors. An ad hoc committee of Board Members—supported by SCP staff—will review applications, interview applicants, and later make recommendations for an appointment to the full Board.

PROPOSED RECRUITMENT TIMELINE

March 10, 2022: Recruitment opens.

June 1, 2022: Recruitment closes and the ad hoc will review applications and interview applicants.

July 7, 2022: Board ad hoc makes recommendation to full Board of Directors and an appointment is made from the pool of applicants.

Please note that this schedule is subject to change

HOW TO APPLY

Interested in volunteering? That's great news! Please either visit our webpage or click the "Apply Now!" button below for an application along with submittal instructions.

If you have questions, please email Sonoma Clean Power's Clerk of the Board at meetings@sonomacleanpower.org.

For full duties and responsibilities of CAC members, see Sonoma Clean Power's Joint Powers Agreement. Current and past meeting materials for the CAC can be found on our website at: sonomacleanpower.org/financials-and-key-documents.
