RESPONSE TO PREQUALIFICATION QUESTION:

Question No. 1

PART V. FINANCIAL STATEMENTS AND SUPPLEMENTAL INFORMATION

The formula does not appear to accurately calculate the maximum amount of contract if the Contractor has uncompleted work on large contracts that span several years.

Answer: If the Contractor has large contracts that span several years, add the contract amount into the working capital calculation and provide a note that includes the contracts and associated amounts that have been included. SCPA may request additional information from Contractors that identify large contracts that span multiple years.
